### **THE KENAI RIVER**

The Kenai is an 80-mile-long river stretching from the headwaters at Kenai Lake in Cooper Landing, to the mouth at Cook Inlet near the town of Kenai. The Kenai River offers a wide array of fishing opportunities, and the Kenai Peninsula offers many other rivers, streams, and lakes with exceptional fishing. You can fish from the bank on the Kenai River and many other rivers and streams in our area, launch a boat and take to the waterways, or hire a professional local guide who will help increase your chances of landing your own record fish!
