

RW's Fishing Resort Newsletter

August 2024

August in Alaska is a great time, especially on the Kenai Peninsula! Halibut fishing is still in full force, the sockeye salmon run starts to dwindle down, and the Coho/Silver salmon start making their way into the river. Our clients are enjoying their time as they target the silver salmon with our expert guides on the river! We even had some adorable little anglers showing the adults how to catch the "biggest" fishies.

Did you know that the US Coast Guard will complete random checks on boats to ensure that they are complying to all of the safety standards? The main goal of Coast Guard boardings is to ensure the safety of vessels in their waterways. A few of our clients got to be a part of one of those checks! The boat was boarded and everything was checked. We want to thank all of those who are working to ensure the safety of other so that we can keep on fishing safely!

We have had a great summer so far and look forward to the rest of the 2025 fishing season!
